**• Monthly and lump sum debit orders**

Old Mutual Unit Trust reserves the right to cease debiting your account under certain circumstances.

**• Distributions**

Historical income distributions are available on each fund fact sheet.

**• Annual Adviser Fee**

This annual fee is calculated as a percentage of the value of your entire unit trust portfolio. The fee is deducted monthly, through the sale of units from the nominated fund/funds. If this fee is being paid from a single fund and there is at any time an insufficient number of units in the fund, the fee will automatically be deducted from the largest fund in your Namibia portfolio.

You will receive confirmation of the implementation of this fee, any adjustments made to the annual percentage or to the fund, as well as the cancellation thereof. This fee is based on an agreement between the client and the intermediary. Old Mutual Unit Trust is not a party to the agreement and will cancel the fee on the written instruction of either party. The fee will further be cancelled by a change in servicing intermediary. Old Mutual Unit Trust will change any erroneous instructions received, but will not rectify prior payments based on erroneous instructions.

**STATUTORY INFORMATION**

Unit Trusts are generally medium to long term investments. Past performance is no indication of future growth. It is important that you are prepared for some shorter term fluctuations as your investment moves in line with the markets. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. An initial charge (from 0,25% to maximum 5% of the investment amount) is included in the buying price of units. This charge may include commission (up to 3% of the investment amount). An annual service fee (from 0,6% to 1,5%) is calculated on the market value of the fund's assets (excluding income and permissible deductions) and deducted from the portfolio on a monthly basis. Further fees that may be deducted from the fund's portfolio are compulsory and bank charges, brokerage, marketable securities tax, other taxes and levies, custodian and trustee fees and audit fees. A schedule of fees and charges and maximum commissions is available from the company/intermediary. The daily price is based on the current value of the fund's assets plus income (minus expenses) divided by the number of units in issue. You can easily sell your investment at the ruling price of the day (calculated at 15h00 on a forward pricing basis). The Old Mutual Nedbank Namibia Money Market and Old Mutual Nedbank Namibia Corporate Funds unit prices are static and interest is declared daily at 13h00. The Namibia Enhanced Income Fund and Namibia Dynamic Floor Fund may be capped in order to be managed in accordance with their mandates.
